LUX GEAR SIZING KEY

Instructions:

- 1) Confirm that you printed this page to scale by measuring the 5 inch or 10 centimeter marker on the sizing key.
- 2) Cutout the sizing key along its outer perimeter.
- 3) Wrap the sizing key tightly around your lens focus or zoom barrel starting with the end that says "START HERE".
- 4) The other end of the key will indicate which size will fit your lens.
- 5) If the measurement falls directly between two sizes, order the smaller size.
